Grayling Area Promoted For Color Tour

Grayling's brilliant display of fall colors is cited as a major tourist attraction in Automobile Club of Michigan's October Motor News magazine.

"Although there are many places in Michigan to enjoy fall scenery, the Grayling area is outstanding," Auto Club's 1.2 million reader-members are told in an article entitled "Where the Color Is."

Motor News suggested that a Grayling area fall color tour should include Hartwick Pines, the AuSable River, the Houghton-Higgins Lakes area, East Tawas and Tawas City.

Did You Ever Wonder How "Red Cross" Got Started?

[By Harrison Goodhue, County Red Cross Chairman]

The history of Red Cross is a fascinating story of human dedication and determination! It begins in 1859, the year a civil war was raging throughout Italy, the war that finally united Italy into the country we know today. One of the isolated but fierce battles of that war occurred in the town of Salferino near the Swiss border.

Henry Dunant, a successful, prosperous Swiss businessman in his late forties was in Switzerland on business and witnessed the aftermath of that battle. He was so appalled by the total lack of humane care of the wounded - both sides of the military antagonists and the innocent citizens caught up in the conflict - that he determined to spend the rest of his life and fortune, if necessary, to finding a way to end such inhumanity!

During the next four years he was able to interest sixteen European governments to send representatives to a conference in Geneva to resolve the problem. That meeting in 1863 resulted in an agreement to formalize an organization of volunteer societies in an international convention the following year.

In 1865 sixteen European Nations signed the Geneva Treaty. To honor Henri Dunant, a Swiss, for his incredible work, they reversed the Swiss Flag and the familiar Red Cross on a White Field became the identifying banner and the new organization had its name - "The Red Cross". The United States had not been invited and did not participate in this 1864 agreement.

Meanwhile, a very determined woman, Clara Barton, had become a legend during the United States Civil War as the "Angel [See Red Cross on page 9]

Also at the meeting it was decided to hold the Flowers to the Living program on Monday, Nov. 1st at the Grayling House at 6:30 p.m. This is also Ladies Night.

2. Is very shy.
3. Is hyperactive.

5. Comes from a one parent home.
6. Needs language development.

8. Has more than the usual emotional outbursts.

This pre-school program began September 27. We are now in the process of completing our enrollment. If you would like your child to have this opportunity and one or more of the above requirements apply to your child, please call Irene Pettyjohn, 348-7641, ext. 52.

Downtown Merchants will meet Monday Noon, Oct. 11, at Chief Shoppenagons Hotel. Very important.

Honored On 90th Birthday—Mrs. Rosa Christenson who turned 90 on September 23 was the honored guest at an Open House held on Sunday afternoon, October 3 at the home of her daughter and husband, Mr. and Mrs. Robert Bovee. Besides many Grayling friends and relatives who came to wish her a Happy Birthday there were friends and relatives from Cadillac and Traverse City. She had a telephone call from Toledo as well as some local calls wishing her many more. She had a wonderful time and would like to thank everyone for their birthday greetings.

Rosa is the last surviving child of Crawford pioneers Hugo and Agnes Schreiber who homesteaded here in 1879. The family home still stands on the North Down River Road in what was once Sigbee.

One of the guests was Rudolph Feldhauser, 92, who is a lifelong friend having attended school with Rosa at the Feldhauser school and having lived less than a mile from the Schreibers.

Swine Flu Immunizations Set for Crawford County

By Harrison Goodhue

County Red Cross Chairman

Mrs. Beverly Wagoner, Coordinator for the seven county Health District of which Crawford is a part, announced today that the Immunization Clinics would be held at The American Legion Hall on Tuesday and Wednesday, October 19th and 20th.

As previously announced the clinics will be open from 1:00 p.m. to 7:00 p.m. on both days and all eligible citizens will receive either Monovalent or Bivalent vaccine inoculations without charge.

There will be a training session for Volunteers at The American Legion Hall at 10:30 a.m. on Friday, October 8th. Many volunteers will be needed and if you want to help and can work a four hour shift from 12:00 Noon to 4:00 p.m., or 4:00 p.m. to 8:00 p.m. on either of the clinic days please call 348-9606 or come to the Friday training session. We still need clerical workers for registering and pre-screening as well as general workers.

For the benefit of those who may have missed the information covered so completely by The Avalanche in their September 30th issue, it is repeated below:

Young people under 18 will not be immunized at this time unless they are classified as "High Risk" by their Physicians due to chronic disease, and their

immunization will be done by the Doctors.

Adults 18 to 59 in good health will receive Monovalent Vaccine (Type A-New Jersey) normally by the fast, virtually painless, "gun" injection method at the Clinics.

Adults 60 and over, in good health, free of chronic lung, heart, kidney or diabetic disease, will be classified as "Group A" and will receive Bivalent Vaccine by syringe injection at the clinics.

Adults 60 and over, not in good health, and individuals regardless of age, suffering from chronic lung, heart, kidney or diabetic disease will be classified as "Group B", and should see their Doctors for immunization with Bivalent Vaccine provided he approves.

The vaccines will be furnished free to Physicians for their patients, but, it is up to the Doctor to decide whether there will be a charge for the injection procedure.

An individual is not eligible for immunization if he is allergic to eggs, has a fever, or is taking an antibiotic, and should see his or her Doctor about possible future action.

Parents of children from 3 to 18 who are suffering from a chronic illness which would classify the child as a high risk individual should see their Physicians for

his advice and counsel as to immunization. In all such instances the vaccine will be supplied to the Doctor without charge.

There is no risk of getting the flu from the inoculation because the vaccine is made from dead viruses. A minority of those immunized will have mild reactions in the form of a slight fever, sore or tender arm, or stiff muscles for 24 to 36 hours. In virtually all cases these mild reactions will disappear in 48 hours according to the medical experts.

Now is the time to decide whether you will protect your family and yourself from this free immunization program made possible by the U.S. and Michigan Health Services with the cooperation of the American Red Cross.

There is the risk of pandemic from Swine Flu this Fall and Winter. It could be catastrophic. Medical scientists report a 70% to 90% effective immunization with the Monovalent and/or Bivalent inoculations.

Seems like very favorable odds in exchange, at worst, of a sore arm for a day or so, don't you think?

Remember, there is no charge, the clinics will be at The American Legion Hall from 1:00 p.m. to 7:00 p.m., Tuesday and Wednesday, October 19th and 20th.

Vikes Dumped by Rayders, 27-0

By Jett Schrader

Avalanche Sports Writer

The Viking football squad made its first trip on the road Friday night only to get dumped by the Charlevoix Red Rayders 27-0. Grayling's record in the Michigan-Huron Shores Conference evened itself at 1-1 as a result of the loss.

This Friday night the Vikes will be on the road again when they travel across Big Mac to take on the St. Ignace Saints in a conference contest.

In Friday's contest, Charlevoix took Grayling's opening kickoff by Al Johnston and returned to its own 40 yard line.

Five plays later, all on the ground, the Red Rayders Gregg Chappuis carried the ball in from 2 yards out for the first TD of the evening. The extra point by Conrad Klooster was good and the score was 7-0 with 10:18 still left on the clock.

Al Johnston took the ensuing kickoff back to the Vike 30 yard line. Grayling failed to make a

1st down and Johnston's punt was taken by Charlevoix on its own 48 yard line. The Vikes stopped Charlevoix's next drive and Klooster kicked to the Grayling 20 yard line.

Grayling's ground game proved futile resulting in another punt which was returned by Conrad Klooster on a nice run to Grayling's 35 yard line. The first quarter ended with the Red Rayders leading by the score of 7-0.

Charlevoix moved the ball in for a TD on a series of ground plays with Scott Boss carrying in and the extra point was good again. The Vikes took the kickoff only to have a Steve Olsen pass intended for Bill Dean intercepted by Charlevoix on the third play from scrimmage. The Rayders moved it in for a TD from there with Ed Mann scoring. A Klooster extra point made the score 21-0. Charlevoix's kickoff was returned by Grayling's Chip Nicholas to the Viking 32 yard line. Failing to move the ball, Grayling was forced to punt again. No other scoring took place and the first half ended with Charlevoix leading 27-0. [See Football on page 2]

\$116,500 in Scholarships; \$10,000 Top Prize At Stake in Century III Leaders Competition

Grayling High School seniors have an opportunity to win local, state, and national awards for expressing their views on how to meet the nation's future needs and challenges.

One enterprising high school senior will win a \$10,000 scholarship as top national prize in the Century III Leaders Scholarship Program. Nine finalists in the national competition will receive \$500 scholarships.

The competition starts in high schools across the nation,

where one senior wins a Certificate of Recognition and a chance to compete with other school winners for two state scholarships of \$1,000 each.

The two scholarship winners from Michigan will then compete with 100 other winners from the other states and the District of Columbia for the \$10,000 scholarship or one of nine national finalists' scholarships of \$500.

State winners from around the nation will be NASSP's guests in Williamsburg, Va., in March 1977, for the three-day national Century III Leaders Meeting. There they will participate in seminars on current issues led by national leaders in education, business and government.

Winners in the competition are selected on the basis of an examination about current events during the preceding year, a Projection for Innovative Leadership, and their participation in community activities.

The projection will be a written statement of the student's assessment of the needs and challenges of America during the nation's third century and how America's citizens can fulfill their responsibilities to meet these challenges and to preserve our democratic heritage.

"The program encourages young people to assume leadership roles and to continue their involvement in community and social issues," according to Kent Reynolds, principal.

Complete details about how to participate in the competition are available now at the prin-

cipal's office. Deadline for submission of applications is October 15, 1976.

The \$116,500 Century III Leaders Scholarship Program, formerly the Bicentennial Seniors Scholarships, is administered by the National Association of Secondary School Principals and is funded by the Shell Oil Company.

Football

levoix leading 21-0.

The only score in the second half occurred in the 3rd quarter as the Red Raiders polished off Grayling 27-0.

Grayling's offensive ground-attack was hampered because halfback Will Roach, their leading ground-gainer was unable to play because of a thigh injury. Mike Money was also injured in the first half but resumed action later in the game.

"The Vikings just couldn't get their game going. They beat us off the ball and that stymied our offensive play," coach Bill Klingner remarked Saturday.

"The Raiders came to play, and we had an emotional let-down after our homecoming victory," he added.

Grayling could only muster 26 yards rushing and 56 passing for 82 yards in total offense. Steve Olsen completed 5 of 13 passes, with Mike Money catching 2 for 20 yards, and Bill Dean 3 for 36 yards.

Defensively, Alan Johnston and Money each had a fumble recovery, and Chip Nicholas intercepted a Raider pass. Leading tacklers were Scotty Johnston with 11, Grant Byce 9, Money 8, and Alan Johnston 8.

In other M-HSC games, Cheboygan kept Gaylord winless with a 15-6 win. St. Ignace stopped Boyne City, 36-14, and Petoskey defeated Harrison in a non-league contest.

The reason for non-league games showing each week is due to a millage defeat at Rogers City causing the school to drop sports.

Grayling's JV team entertained the Red Raiders Thursday night only to come out on the short end of a 32-6 score.

Charlevoix racked up a 16-0 lead at halftime with two touchdowns and two, 2-point conversions. They also scored twice again in the second half, one score coming on a pass play, to take a commanding 32-0 lead. Grayling's only score came after a long drive with Mickey Roach carrying in for the TD. A 2-point conversion attempt failed and the final score was 32-6.

On Wednesday night, the Vike Freshman squad travelled to Johannesburg - Lewiston only to be defeated by the score of 22-8.

From Our Corner...

Would you believe that some 30 odd years ago we made a bold statement that someday we were going to be an editor of a paper come H or high water!

How many of you can make a similar statement on what you wanted to do — and have it materialize — and then many nights wish it never happened?

We were told back then to forget it ... and just last week we were in the company of a palm reader, and after what we were told, we should have set our sights on just remaining a printer's devil.

Now we normally don't go too much for the crystal ball and such — but, what do you think when you are told things you know are true?

The past, the present were taken care of — we are going to ask for another audience, there were a couple things in the future we are most interested in.

Due to several unfortunate circumstances we did not attend the ever popular annual Booster Club party Saturday night, but then we have been told it was as big a success as ever.

Our personable bank president, Jack Alef, proved his merits as an MC and also bestowed the honor of "Grayling General" on the club's past 2 presidents, Jim Bendig and Dick Auman, and may we add from our corner — recognition well deserved.

Through efforts of Jim and Dick the Grayling Booster Club was born, survived its infancy and now claims over 640 members working together for the youth in Crawford County.

Saturday night the president's gavel was passed on to Irv McIsaac who stands in the same row as Jim and Dick as far as dedication to the promotion of the Boosters.

We are sorry we missed the party ... our congratulations to the two generals, and our best wishes to Irv for the continuance of a most successful club — of which we have no doubts.

SLOW DOWN SCHOOL'S IN!

Can you really improve your gas mileage?

You sure can, if you'll follow these economy tips from NAPA.

Avoid fast starts.

Acceleration should be neither too fast nor too slow.

Drive a little slower.

The difference in travel time between 50 and 65 is very little. But, the difference in gas mileage is a lot.

Stay safe.

Have your car inspected regularly for worn or damaged parts. Getting there economically is important. But, getting there safely is more important.

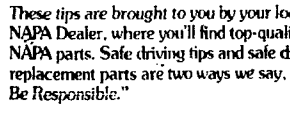

Drive smoothly.

Watch the traffic to avoid sudden stops or sudden bursts of power.

Stay tuned.

A properly tuned car will get up to 10% better mileage than a poorly tuned car. It will also create less pollution.

Northern Assn. Endorses Judge Swallow

In an unprecedented move, the Northern Michigan Counties Association has endorsed Circuit Court Judge Joseph P. Swallow in his race for a seat on the Michigan Supreme Court.

During a meeting of the association held in Grayling, members passed a resolution recommending the election of Swallow, an Alpena native, to the Supreme Court.

The resolution stated that northern Michigan counties are not represented on the Supreme Court, and that the association had examined the qualifications of Swallow and found him to be most suited to hold the office.

Counties represented in the association include Crawford, Grand Traverse, Montmorency, Mason, Oscoda, Gladwin, Lee, Ionia, Wexford, Iosco, Antrim, Charlevoix, Alpena, Manistee, Benzie, Osceola, Clare, Midland, Otsego, Alcona, Presque Isle, Arenac and Newago.

"If you've been looking around for a Surety Bond, you've probably already discovered there's often a lot of 'legalese' and a mile of red tape to wade through.

"Not here. We issue Auto-Owners Surety Bonds. Their 'postcard application forms' are so unique, they're patented.

"And many bonds can be issued on the spot, during your office visit. "To take the uncertainty out of Surety Bonds, come see us."

The Bible Speaks

From Calvary Baptist Church

Good Works in Salvation

Many people believe their chances of Heaven are based upon the amount and degree of good works they will perform during their lifetime. Little children often hear adults say that good people go to Heaven and bad people go to Hell. They often grow up believing that after death God will place all their works on a balance scale, and if the good outweigh the bad they can enter Heaven.

The Bible says, "Not by works of righteousness which we have done, but according to his mercy he saved us, by the washing of regeneration, and renewing of the Holy Ghost." Titus 3:5. We are not saved by our good works, but by the grace and mercy of God. God's mercy is not giving us that which we deserve, like eternal death and Hell. God's grace is giving us that which we do not deserve, like eternal life and Heaven.

The most complete commentary on this subject is found in Ephesians 2:8-10. In Ephesians 2:8 we are told how we are saved, by grace through the instrument of faith as a gift of God. By grace means salvation is all of God. By faith means believing God's Word, the Bible, as the only channel. Romans 10:17, "It is the gift of God" means man has no part in salvation at all.

This same portion tells us salvation is "not of yourselves ... Not of works, lest any man

should boast." Man has no part in his future salvation, if he had to do one thing to get to Heaven, he would boast about it.

Now if salvation is all of God and has nothing to do with man's good works, what part does good works have in salvation? The Bible says God "created" us "in Christ Jesus unto good works, which God hath before ordained that we should walk in them." We are not saved by works plus faith, nor by faith plus works, but we are saved by a faith which works. Good works are a fruit of faith and never the root. They are always the effect and never the cause. God saved people to work, but He never saved anyone by works.

Do you know you are saved today and on your way to Heaven? To the degree you are trusting your own good works or life you have no hope of Heaven. To the degree you are trusting in the death, burial and resurrection of Jesus Christ for all your sins, you may have assurance of salvation. What place does the cross of Jesus Christ have in your faith? All religious systems which are built upon human works or merit will lead to disappointment, despair and eternal damnation. Jesus Christ alone can say: "I am the way, the truth, and the life: no man cometh unto the Father, but by me." John 14:6. (adv.)

You Can Strengthen Your Group
by Willard E. Rosserman
County Extension Director

Putting zest into your organization will be the goal of a meeting to be conducted Thursday, October 4, 7:30 p.m. in the basement meeting room of the county building, Roscommon. Donna Sweeney, Extension specialist, resource development, Michigan State University, Cooperative Extension Service will be explaining methods of evaluating your own group. This will give clearer understanding of the possible shortcomings and point out the strong points. You will be able to strengthen the groups short-comings with the information gained.

The meeting is open to the public, especially those who are officers of organizations that they might take the information back to their groups.

Nearly all organizations falter from time to time. You can get some ideas from the meeting which will help you get your group over the rough spots.

The meeting will be a workshop type of meeting with participants taking part in the discussion.

Please call or write the Cooperative Extension office in Roscommon letting us know how many to plan for from your group. The phone number is 275-5043 and the address is P.O. Box 507, Roscommon, Michigan 48653.

The community would like to send their deepest sympathy to Mr. and Mrs. Gordon Armstrong in the death of their baby.

We would like to say how glad we are that Mary Duncley is home from the hospital and is at her daughter, Barbara's. She is getting around with a walker and doing just fine. Keep it up. Congratulations to Mr. and Mrs. Ron Hall on the arrival of a baby daughter on September 28.

Mr. and Mrs. Daniel Brandes and son were hosts to her parents, Mr. and Mrs. Gilbert Sager of Detroit, and Mrs. Brandes cousins, Mr. and Mrs. Ernie Michling. They all went up to Canada and went on to the Algoma train to the Algoma Canyon and back. They enjoyed the trip very much. Anyone wishing to take that trip, the color is on this week and it is a very nice trip for anyone. They also saw a moose in the water.

A baby shower was given in honor of Joni Hall at her home on September 16th, 23 ladies attended. She received many lovely gifts. Decorations were in the stork theme and a delicious lunch was served. Fun was had by all.

CARD OF THANKS
During my recent stay at the University of Michigan Hospital, I was completely overwhelmed by the numerous get-well cards and notes of encouragement regarding my surgery, that I received from my many friends in Grayling.

It's certainly a warm gratifying feeling to know so many people were genuinely concerned with my hospitalization. I consider this one of the many beautiful assets of living in a small community.

Caught Doodling

In the middle of a geography lesson, Stew was caught doodling on his desk. "Stew," said the teacher, "what do you know about the Rumanian border?" Surprised, Stew could only say: "Oh, he's the guy that goes out with my aunt and my father doesn't like it!"

Would you like to visit England, Japan, Australia, the Eastern Caribbean, Eastern Canada or France, yet not use up two weeks of your vacation nor \$5,000 of your savings? It can be done, visit one of these countries in one evening and the greatest distance traveled will be the distance from your home to the new Grayling High School. The cost ... \$1.33 per country.

On Thursday evening, October 28 the Crawford AuSable Community School Program will begin their fourth year of sponsorship of a Travel and Adventure Series in the area. On that evening, Joe Adair will be appearing live and in person at Grayling's Joseph Stripe Auditorium, narrating his full length, full color motion picture "All About England". Mr. Adair's film of England will be followed throughout the season by films of Japan, Australia, the island of the Caribbean, Eastern Canada and France. Each film will be narrated live by the photographer, most of whom are nationally recognized personages. The March program depicting Eastern Canada will feature renowned photographer and humorist Dennis Cooper.

Tickets for the Grayling series are presently available and may be ordered by mail. Ticket prices are \$8.00 for adults and \$5.00 for children twelve and under and senior citizens. Each ticket is good for six admissions which may be used at the discretion of the owner, that is, the owner may attend all six programs of the series or he may bring five guests to one travelogue. Lake & Stream Seminars

(By B. J. Fowler, Grayling Twp. Supervisor)

I had the opportunity to attend the annual meeting of the Michigan Lake and Stream Associations, Inc. The meeting was held on September 24, 25 and 26 at the U.A.W. Family Education Center on Black Lake, Onaway, Michigan. I was in attendance on Saturday and Sunday.

There were four seminars on Saturday afternoon covering the subjects of: 1. Soil Conservation, 2. Riparian Rights, 3. Lake Restoration and Vegetation Control, and 4. Wetlands Irrigation. On Sunday morning four more seminars were held covering: 1. Fish Management, 2. Living with Developers, 3. Solid Waste Disposal, and 4. Water Quality. The seminars were each repeated three times which afforded the opportunity to attend six of the eight seminars. The sessions were brief but to the point with a time schedule of forty minutes being maintained. Resource people were available during free periods to answer specific questions.

Adjournment of the meeting at Noon Sunday came all too soon. This proved to be one of the better meetings I have attended, not only in subject matter, but, also in the way it was conducted. The leadership of this association is to be commended for their efforts.

I intend to provide our local lake and river associations as well as the Watershed Study Council information regarding the Michigan Lake and Stream Associations, Inc. I believe it would be worthwhile to look into the benefits of membership. It is also my understanding that any riparian owner is eligible for membership.

Outside of the meeting it was a great experience to visit this very fine educational center.

September has been a very busy month for Grayling Township. I have processed a number of complaints covering zoning, firearms and dogs. I was not in attendance at a meeting held by the county regarding dogs due to failure to receive notice. This problem is being corrected and I hope to attend future meetings on the subject. Township officials and staff members have been busy compiling material for the special census and the proposed sewer project. Much of the data needed for these two projects as necessary for both. A complete list of all improved property in the township was prepared. At some point we hope to record all this data on our computer records so it will be readily available for future use.

Ford adapts the Carter halo tactic

Richard Milliman

Who won the first of the great debates? Take your own choice, and you're just as correct as anyone else.

Mr. Ford's backers were reinforced in their views, and Mr. Carter's backers were reinforced in their views, and the great mass of undecided stayed that way ... or so it seems to me.

So anyone who claims that Mr. Ford won, or Mr. Carter won, or that it was a draw, is probably correct. I'm certainly not going to argue.

It appears, however, that Mr. Carter in a subtle way has launched a new type of campaigning technique — the benign assurance.

Mr. Carter has told many audiences that he will never lie to them. Later he was quoted as telling another audience that he will never raise the taxes paid by anyone who works for a living — which is quite a trick, if he can get away with it; at least, it sounds good, even if it is impossible.

The campaign technique is an interesting one — adjust your halo, promise a high-sounding intangible, and hope you can deliver.

The Ford camp apparently is catching on, and is adapting the Carter promise technique to its own purposes.

For example, Mr. Ford was on the semi-carpet the other day about his choice of golfing partners. The media reported that lobbyists for United States Steel Corp., and Ford Motor Co., were among Mr. Ford's regular golfing buddies, and paid for some outings while Mr. Ford was a Congressman. They even continue to talk business while playing golf now that Mr. Ford is President.

The propriety of these relationships has been called into question, but apparently Mr. Ford's staff — at any rate — is not too concerned.

Explained Ron Nessen, the presidential press secretary:

"If the President thought there was anything wrong, he wouldn't have done it."

That's the sort of attitude that conceivably could out Carter Mr. Carter.

So fellow citizens, the White House will be in good hands, no matter who

comes out ahead on Nov. 2. It could be the guy who will never lie to us, or it could be the guy who won't do anything he thinks is wrong. How can we lose?

↑ ↑ ↑ ↑
Moving right along, with these randomesque notes ...

I see by the papers that Daniel Moynihan, who won the Democratic nomination for U.S. Senator in New York, pulled rather heavily in both Irish and Jewish sections of the state. That explains the logic, then, of one of Mr. Moynihan's campaign fund — raising techniques — a \$100-a-plate "Irish breakfast" which featured green bagels ...

Members of Congress, federal judges and top level employees of the executive branch of the federal government will not get a 5-percent cost of living pay raise, which was trimmed from the annual military and civil service pay bill. State and local governmental units, please note and copy ...

Past fiscal gimmickry has caught up with Michigan budget makers, and the cost is going to be rather high. Standard & Poor's, a national bond rating firm, has dropped Michigan's bond rating from the gilt-edged triple-A rating to the more expensive double-A rating, meaning state and local governments will pay more interest when floating bond issues.

Part of the reason were such tactics as collecting 13 months of business tax revenue in 12 months, extending the fiscal year-end from June 30 to Sept. 30, and establishing a one-time 21-month fiscal year. Each device helped balance the state budget at the time, but eventually the piper must be paid ... and paid ... and paid ...

The Teamsters Union announced it will poll its 2.3 million members to determine which presidential candidate, if any, to endorse. That's a switch. Head Teamster Frank Fitzsimmons explained that in past elections, "sentiment of members was sufficiently clear to justify Teamster endorsement" without a poll. Well, if Mr. Fitzsimmons says so, it must be true. Which also means it must really be a close election this year.

Bovee-Smith Vows Exchanged

Billie Bovee became the bride of Richard Smith on Saturday, September 25, at 3:30 in the afternoon. Rev. Father Thomas Neis performed the double ring ceremony at St. Mary's Church, Grayling.

The bride is the daughter of Mr. and Mrs. Robert Bovee of Grayling and the groom is the son of Mr. and Mrs. Andrew Smith of Mineola, Long Island, New York. Her father accompanied her to the altar where he presented her to the groom for the marriage ceremony.

Mrs. Nancy Hoffman played the organ for the traditional "Wedding March" and Miss Tricia Duley played the guitar and sang "Today" and the "Wedding Song". Fall mums decorated the altar.

For her wedding, Billie chose a white cotton floor-length dress made with a scoop neck, full length puffed sleeves set off with a wide cuff accented by a row of buttons. The neckline was gathered with a narrow pink ribbon and the waist was accented with pink ribbon. The gown was made by the bride. For something blue, she wore the groom's mother's garter. She carried a bouquet of miniature white roses and miniature pink carnations with baby's breath.

Her only attendant was her sister, Dena Bovee, of Ann Arbor, who wore a pink floral print cotton floor-length dress fashioned with a round neckline and accented with a ruffle. It had puffed sleeves and a long back sash. She made her own dress. With it, she carried a basket of white daisies.

The groom was attended by his brother, James Smith, of Long Island, New York. Both of the attendants took part in the ceremony with readings.

A buffet reception was held at the home of the bride's parents following the ceremony. Decorations were also in the bride's colors of pink with pink candles and miniature pink rosebuds. The wedding cake was decorated with pink daisies topped by the bride and groom from her parent's wedding cake. The groom's cake was iced with brown roses and was served from the bride's great grandfather's cake stand. Her two aunts, Mrs. William Zimmerman and Mrs. Ron Moore served the cake. Nancy Rosenberg was in charge of the guest book.

Following a week's camping trip to Maine, the couple will be at home at 351 Main St., Saugerties, New York.

For her daughter's wedding, Mrs. Bovee wore a floor-length dress of apple green knit with a shawl collar and dirndl waist. With it she wore a wrist corsage of yellow roses.

The groom's mother wore a forest green floor-length knit dress fashioned with a front panel of white and with it she wore a white rose corsage.

The bride's grandmother, Mrs. Rosa Christenson, wore a floor-length dress of brown and beige print and a pink rose corsage.

Out-of-town guests were from Long Island and Kingston, New York; Muskegon, Livonia, Mount Pleasant, Ann Arbor, Jackson, Kalamazoo, Lake City, Rose City and St. Helen.

St. Mary's Elects Parish Council

On the weekend of September 25-26, the parishioners of St. Mary's Catholic Church elected a new Parish Council. This is the first time in history a full six commission Council has been elected at St. Mary's.

The six chairpersons elected by the parishioners, who cast ballots at each of the weekend Masses, are: Rita McEvoy, Christian Service; William Bonkowski, Jr. Administration & Finance; Ruth O'Mara, Worship; Evelyn Gardiner, Education; Diane Papendick, Youth Programs; and Dick and Mary Allen, Family Life.

This thrust of greater participation of the layperson in the mission of Christ began with the Bishops of the world meeting at the Vatican Council II in Rome in the mid-sixties. Parishes around the U.S. continue to develop the Christ-life of God's people through the growth and witness of Parish Councils and their committees in action.

The pastor, Father Thomas Neils and his pastoral assistants, Sister Frances, O.L.V.M. and Sister Chrysostom, O.L.V.M. will conduct an installation ceremony of the new officers in the near future.

Bits O' Talk

Mrs. Mary Rasmussen, three of her daughters and a granddaughter, were here Sunday to visit Else Andersen and wish her "happy birthday". Else's birthday was on October 1st.

Mr. and Mrs. Edmund Lozon and Mr. and Mrs. Rick Reed are the proud grandparents of a baby boy born to Mr. and Mrs. Patrick Lozon on September 27. The baby weighed 8 lbs. 12 ozs. and has been named Craig Michael.

Heather Marie Jones, one year old, was guest of honor at a birthday party, Saturday, at the home of her grandmother, Billie Forbes. Guests included Heather's paternal grandparents, Evert and Nellie Jones of Grayling, her cousins, Ann and John Duncan and their parents, George and Pat of Petoskey and Jewel Van Kleeck. Nellie Jones went to East Lansing Sunday to visit with Jack and Cathy in their new home in East Lansing.

Your Vote would be appreciated for Beaver Creek Township Clerk. Virginia Millikin.

It was a week of house guests for Eva Jeanne Smith in her AuSable River cabin near McMasters Bridge. Her uncle, Mr. Edwin R. Rosain of Chicago flew in Monday to check where his niece and family were staying "out in the woods". Mr. Rosain owns "Dodge-Chicago Industrial Equipment Co." But, after sightseeing around the beautiful Grayling area, meeting her many neighbors and friends; dining in several Grayling restaurants and playing some golf, he was favorably impressed that she is indeed in a civilized place full of beauty and serenity, returning to Chicago with peace of mind about his favorite niece.

Arla Maloney, owner of the Chief Taxicab Co. of Owosso and Corunna, was also up for a few days rest. Mr. and Mrs. Dale Sprague of Owosso spent the day Sunday. Mrs. Smith's brother-in-law, Joey Agostino of Detroit, spent Thursday and Friday with them. He was in the area on a business trip. Mrs. Smith enjoyed the "city folks" excitement when they saw deer. They also enjoyed watching her "chipmunk circus" and feeding the raccoons at night. It was all so new and unbelievable to them. They all agreed she had named her cabin aptly "Esta es la Vida!" meaning (This is the Life).

New Song Honors Drycleaners

Many American occupations have their own songs. Truck drivers have "Convoy," telephone workers have "Wichita Lineman" and now drycleaners have "Dryclean When You Care". This new song is a musical tribute to the drycleaner - a professional craftsman who has been somewhat overlooked, but definitely an important part of the American way of life.

On the flip-side of this new single is a delightful song called, "In America," which blends perfectly with the current Bicentennial celebration. It also appeals to the housewife - the number-one drycleaning customer.

This unique musical release was announced today by Michael Fleming of Bill's Laundry & Dry Cleaners, Grayling. "Behind this record," he comments, "there is a fun story of how people in the cleaning industry got together and came up with a plan to attract national recognition to their profession."

The International Fabricare Institute, worldwide trade association for the professional drycleaning and laundry industry, explains, "We arranged for the production of this music for our 10,000 members because we're extremely proud of the professionalism they have displayed. They actively support the research and education programs that result in the continuing advancements in fabric care."

According to Mr. Fleming, "This outstanding tune, 'In America,' is about life in the United States - kids on the playground, lovers in the park, and follows the lines of current popular songs. It is especially fitting during the Bicentennial celebration. After all," he adds, "Drycleaners have always been an important part of the American scene."

Hunting And Fishing Report

[By Skip Madsen]

The bowhunters invaded the northland last weekend in record numbers. It seems that with the introduction of the new famous compound bow, coupled with the beautiful fall weather made everyone think of hunting!! A fairly large deer herd provided some good action for many of the hunters with above average success, and most hunters saw deer.

The fall colors although not as bright as some years, because of the dry weather, are about at their peak and no matter where you go you should enjoy the color!

Traverse City is a hot spot for large salmon right now. Fishing at night with little Cleo's also trolling during the day can sometimes be productive. The Brown Trout are biting very good in Higgins Lake by trolling along the drop-off in about 30' of water with Cowbells and minnows. A small silver spoon should also work well.

Although the trout streams are closed the flies only sections on the rivers will be opened until October 31, and can provide some good fly fishing from now on.

Good Hunting & Fishing, Skip

Red Cross

(Continued from page 1)

of the Battlefields" for her unceasing work of bringing bandages, medicine and other succor in her horse drawn wagons to the wounded right on the battlefields.

In 1869 Clara Barton was in Europe finding out about Henri Dunant and his Red Cross societies. Upon her return she spent the next twelve years bodeviling Presidents, Senators and Congressmen to get the United States to join the International Red Cross.

She finally achieved her goal! In 1882 the U.S. ratified the Geneva Red Cross Treaty and the American Red Cross came into existence. It was not until 1900, however, that Congress granted American National Red Cross its first charter, and not until 1905 that the Congress established American National Red Cross as a semi Government Organization, mandating Red Cross to:

1. Furnish voluntary aid to the sick and wounded of our Armed Forces in time of War.

2. Provide assistance in time of need to all Service People and their families; and, in concord with Military Authorities, provide a medium of communication between members of the Armed Forces, both overseas and in domestic installations; and their relatives in the U.S.

3. Carry on a system of national and international relief to mitigate the sufferings of people caused by pestilence, famine, fire, floods, earthquakes, hurricanes and other national calamities, and, to set up and carry out measures to prevent such catastrophes.

From that day on this unique humanitarian organization, the American Red Cross, has accepted and fulfilled these responsibilities to the American people!

How well American Red Cross has discharged those responsibilities is a proud record of accomplishment!

95% of its work is done by unpaid Volunteers in every Village, City, County and State of this Nation. Less than 5% needs to be done by paid Staff workers.

Red Cross annual budget of \$130,000,000 is raised totally by voluntary contributions from the citizens and businesses of this Country. No Federal, State or Local Tax monies are ever provided to do American Red Cross' job!

This incomparable humanitarian organization has earned, and deserves, the wholehearted support of every single person in this Nation!

And it is because of that unmatched performance record, that the Volunteers of the Crawford County Chapter are confident you will contribute your fair share to this years Annual October Red Cross Fund Drive!

Make sure Red Cross has the money needed to keep doing their job! Please, send your check today! To American Red Cross, RR#3, Box 3162, Grayling, MI. 49738.

A NATION'S GREATNESS

During this Bicentennial year, we remember especially the covered wagon—and the days when vast stretches of fertile farming land and rich mining country lured the pioneers across our western plains.

Packed in these lumbering vehicles were camping materials, stores of food and medicines, clothing and tools and weapons, for danger lurked everywhere. These were the rugged people who settled our West, and bore the torch of civilization across plain and mountain to the Pacific.

But the covered wagons carried something besides the pioneers and their material belongings westward. They carried the faith of a great people, and they planted it in every village and settlement.

Faith is the foundation on which the West was built—and the East had been built before it. Faith in God and the right, in people and work and prayer... this is the true source of a nation's greatness.

Every church spire pointing heavenward blazes the secret of our country's strength.

The Story of the Revolutionary War in the Old Northwest

By Gordon G. Beld

Haggard from a month-long 600-mile journey on foot, more than 300 prisoners, men, women and children from the Kentucky settlements of Ruddle's and Martin's stations — straggled into Detroit during the first week of August in 1780.

In describing the depressing scene which he witnessed shortly after his arrival at the British stronghold, James May told of walking out of the walled town with a companion to see the approaching procession.

"The squaws and young Indians had ranged themselves on the side of the road with sticks and clubs," he said, "and were whipping the prisoners with great severity." Two girls, about 13 or 14 years old, broke away from the column and ran to the two men for protection.

"With much trouble and some danger, and after knocking down two of the Indians," May related, "we succeeded in rescuing the girls and fled with them to the Council House.

Here they were safe, because this was the goal where the right of the Indians to beat them ceased.

Their kindness resulted in the two men being summoned on the next day to appear before Col. Arent dePeyster, commander at Detroit, for a reprimand. May was told that if he ever "took such liberty again" he would be sent to Montreal or Quebec. His friend, a naval officer, was threatened with having his uniform stripped from his back and being discharged from service.

The little Kentucky settlements had not been the original destination of the British-Indian assault force that moved out of Detroit under the leadership of Captain Henry Bird earlier that summer. The initial target was George Rogers Clark's fort at the falls of the Ohio River (now Louisville, Ky.). But when the expedition had traversed a network of rivers in what is now the state of Ohio and reached the junction of the Miami and Ohio rivers, the Indians insisted on moving up the Licking River to attack the Kentucky settlers. Without the support of the Indians, Bird could hope to accomplish little. He had only 150 white soldiers. The number of Indians, on the other hand, grew steadily as the army moved through Ohio and eventually the force totaled 1,200. So Bird yielded to the demand of the red men that the settlements on the Licking, which were not as well defended and were likely to provide more booty, be attacked first.

The Kentuckians at Ruddle's Station were able to hold out for a time against the Indians, who had pressed on ahead of the British to begin the attack. But when the redcoats brought up their cannon, it took only a few shots to bring about the subjection of the stockade. Captain Isaac Ruddle surrendered to Bird with the assurance that the frontiersmen and their families would be protected from abuse by the Indians. But Bird was to find himself helpless to stop the plundering and molesting of the captives. The jubilant Indians senselessly slaughtered all the livestock at Ruddle's Station before moving on to nearby Martin's Station which also was speedily conquered.

Had the Indians not killed all the stock at Ruddle's Station, Bird probably could have proceeded to Clark's fort at the falls to achieve his original purpose. But without this source of food for his army and its captives, he found it necessary to cut short the expedition and start back to Detroit.

Some of the captured Kentuckians were eventually taken hundreds of miles beyond Detroit to Michilimackinac and to Montreal. Captain Ruddle himself remained at Detroit where, on Bird's recommendation, he was permitted to farm on Hog Island (now Belle Isle). In 1782 he was allowed to go to Quebec to seek his release in a prisoner exchange.

Typical of the prisoners herded to Detroit by the Indians were Leonard and Mary Kratz, who fell in love and were married on the way to Ruddle's Station from Virginia. Kratz had come to America with a Hessian regiment to fight alongside the British and was captured by the rebels at Saratoga. After being released, he decided to stay in America. When the Indians streamed into the stockade at Ruddle's Station, Kratz was taken by one party while his wife and their baby were seized by another group.

Eventually, they were reunited at Detroit. However, the infant had been killed when Mary Kratz stumbled and fell during the long journey. She was so worn from the strains of the ordeal that when she did reach Detroit her husband didn't recognize her. He himself bore scars of the tortuous march — from a large copper kettle he was forced to carry — for the rest of his life. He died in 1829 at Amherstburg on the Canadian side of the Detroit River.

Silver Sails In The Sunset

We would like to invite everyone to come to our dinner-dance on October 21st at the new Auman's House of Catering off M-72 East. The tickets are \$7.00 for a single and \$13.00 for couples, (and the couples can be mixed up anyway you like). There'll be cocktails at 5:30, dinner at 6:30 with dancing following. The music will be furnished by the Genesee County Senior Citizen Orchestra from Flint.

We have had them here several times before and they play beautiful music to dance to. We are calling our dinner dance "Silver Sails In The Sunset," and everyone is working very hard to make this evening one of the highlights of the new fall season.

You need not be a senior citizen to take part in the festivities and if you would enjoy dancing to the oldies but goodies, we'd be more than happy to have you come.

The dance is being sponsored by the Crawford County Commission on Aging and tickets are available at the office at 308 Lawndale or give us a call at 348-9314 and make your reservations now.
